Circular No.7(163)/2019/IT/PBS

Date: 26th May 2020

Circular

Subject – Implementation of Talent Booking System (TBS) web browser based Application provided by IT Division.

In a series of eight training programs about 300 staff members among the AIR Stations are trained. Now Prasar Bharati desires that the software should be put in use by stations before 31/05/2020.

PB is going to instruct respective accounts/finance divisions to ensure that all the contracts are issued online. No payment would be made on manually issued contracts in future. Before such instructions come into force, all AIR Stations are advised to start using this browser based application (<https://abs.prasarbharati.org/>).

Stations may contact IT Division for any assistance.

This issues with the approval of competent authority.
